Canadian Women Carrying Torch

The monthly brochure for May, issued by the Wartime Information Board, of Ottawa, tells very concisely the story of the wonderful work that Canadian women are doing in the Fighting Services and in Industry, as well as in the many civilian organizations.

Women over 15 years of age in Canada, Approximately 3,970,000
Engaged directly or indirectly in war industry, more than 247,000
In the Armed Services, more than 25,995
W.R.C.N.S., more than 2,185
C.W.A.C., more than 10,500
R.C.A.F. (W.D.), more than 11,000
Nursing Services, more than 2,275
Female doctors in the Armed Services, more than 35

The assistance of Canada's women through their work in industry, in business, in the armed services, in their homes and by voluntary effort has played an important part in placing Canada in the position of fourth largest producer of war supplies among the United Nations.

During the seven months to the end of April about 95,000 women were newly employed directly or indirectly in war industry, bringing the total to 247,000 by May 1. About 15,000 women enlisted in the armed services during the seven months prior to May 1.

The Women's Royal Canadian Naval Service, organized in June, 1942, had attested 2,185 and called up 1,703 by May 1. About 110 are being called each week for rating's training at Galt and Preston, Ontario. Officers are trained in Ottawa. The W.R.C.N.S. hopes to enlist 5,900 by the end of 1943.

Established in July, 1941, the R.C.A.F. (Women's Division) had enlisted more than 11,000 by May 1, and hopes to have 20,000 by the end of 1943.

The Canadian Women's Army Corps had enlisted more than 10,500 by May 1, and hopes to enlist 25,000 by the end of 1943.

More than 2,275 nurses are wearing Canadian war uniforms. The Royal Canadian Army Medical Corps has enlisted 1,550 nursing sisters and has 91 dietitians and physio-therapy aides and six home sisters. About 280 are serving with the South Africa Military Nursing Service. The R.C.A.F. Nursing Service has 257 nurses on duty, and the Royal Canadian Navy has 152 nurses serving temporarily under the R.C.N. medical directorate.

There are 35 women doctors serving with the armed forces — 19 with the Army, 12 with the R.C.A.F., and 4 with the Navy.

During the last 13 months work of women volunteers has been co-ordinated under the direction of the Women's Voluntary Services Division of the Federal Department of National War Services, and 24 Voluntary Service Centres have been established to prevent overlapping of volunteer work throughout the nation.

They have successfully co-ordinated voluntary support of the many national programs such as nutrition, salvage, housing, conservation, rationing, policing prices of consumer goods, encouraging increased war savings, staffing Wartime Day Nurseries, etc. Local programs arranged through W.V.S. centres are mainly recreational, providing canteens, recreation centres, hospitality in homes, entertainment and comforts for the armed services.

The "block system" of contacting homemakers has been organized in nine cities: Edmonton, Saskatoon, Winnipeg, Kitchener, London, Kingston, Cornwall, and Anishnabek, and two districts in Toronto. As an example, the Saskatoon block plan has used 1,350 women volunteers, who have contacted 10,362 householders in specific blocks, distributing educational wartime literature, explaining salvage collections and its problems and distributing various types of wartime surveys. The medical authorities in Cornwall have enlisted the aid of the Women's Voluntary Service Centre to conduct a survey of the need for immunization of pre-school age children.

The Winnipeg W.V.S. centre initiated its block system project in the recent Red Cross campaign and successfully sold this manner of contacting the public to the city.

Thus by his good behaviour he will show the falsity of the charges of malicious men, who would seek to make him out a menace to the State. The early Christians were often so charged, but their consistent lives silenced their accusers.

Application

"It is hard to be blamed for what you did not do!" So said a troubled young Christian. But in

this portion of God's word we are hidden to take Christ as our example in this as in all else. He was falsely accused and bitterly persecuted for wrongs He had not done. As he left everything in the Father's hands, so should we. Grace will enable us to triumph and to rejoice when men speak evil of us. We shall be vindicated in His own way and time. Christians are pilgrims who are going through this

world with a definite destination in view. A wanderer travels on, but has no real object before him.

Experiments are being conducted to find a practical method of extracting waste from filter cake, a sugarcane product.

Though the sting of the Occident is known to kill pigs and calves, horned toads are able to

consume this insect because their impenetrable skin offers protection from bites and stings.

Successful "planting" of fish depends on food, cover, spawning areas, water level and the amount of dissolved oxygen in the water to be stocked.

In Greek the same word means logic and speech.

MEAT

RATIONING EFFECTIVE THURSDAY, MAY 27TH

After midnight May 26th, it is unlawful for a consumer to buy rationed meats and for anyone to sell rationed meats to a consumer except on surrender of valid ration coupons.

WHAT MEATS ARE RATIONED?

Beef, Veal, Pork, Mutton and Lamb.

WHAT MEATS ARE NOT RATIONED?

Poultry and Fish are not rationed. "Fancy" meats such as Heart, Tongue, Liver, Kidneys, Brains, Sweetbreads, and cooked sausages such as Wieners and Bologna are not rationed. Meat cuts containing 50% or more of bone such as spare-ribs, oxtails, and pigs' feet are not rationed.

HOW MUCH RATIONED MEAT AM I PERMITTED TO BUY?

An average of two pounds per week per person. You get less of meats containing no bone and more of meats containing considerable bone. See the chart of coupon values below.

WHAT COUPONS DO I USE WHEN BUYING MEAT?

The brown Spare "A" coupons from your No. 2 ration book—the book you are now using to buy tea, coffee, sugar, and butter.

HOW OFTEN CAN I BUY MEAT?

Two coupons become good each Thursday. The first pair of No. 1 coupons becomes good May 27th. Each coupon is good for 1/4 of one week's ration.

HOW LONG DO COUPONS REMAIN GOOD?

Coupons becoming good before the 15th of a month are good until the end of that month. Coupons becoming good on or after the 15th of a month are good until the end of the following month.

DO I HAVE TO USE THE TWO COUPONS AT THE SAME TIME OR IN THE SAME STORE?

No. You can use a coupon at any time during the period in which it is valid, and in any store you wish.

CAN I BUY ONLY ONE KIND OF RATIONED MEAT WITH A COUPON?

No. You can buy whatever rationed meat is available and as many kinds as you want providing the coupon value is not exceeded.

MEAT RATIONING AS IT AFFECTS FARMERS

Farmers may slaughter their livestock for their own consumption—but must turn in to the Local Ration Board at the end of each month, 1 coupon for each two pounds of their own slaughtered meat consumed on their own premises. Farmers need in no case surrender more than half the number of each month's valid coupons for such home slaughtered meat.

The remaining half of farmers' meat coupons may be used for ordinary retail purchases of meat, on the basis of coupon values shown on the chart above.

Farmers may supply meat from their own slaughterings to other farmers for consumption on their own farm premises. Local farmer "Beef Rings" are also permitted. Farmers providing meat to other farmers, or "Beef Rings", must collect meat coupons on the basis of 1 coupon for each two pounds of meat, gross weight. Self-addressed and stamped envelopes for mailing in coupons can be secured at your Local Ration Board.

CONSUMER MEAT IN LOCKERS

Before June 30th all consumers (including farmers) who store meat in lockers must declare in writing to the nearest Branch of the Ration Administration, the quantity of rationed meat they have in storage over and above eight pounds per person in the household. Declarations must be accompanied by sufficient coupons from the ration books of the locker holder and his household, to cover the quantity of declared stored meat at the rate of 1 coupon for each two pounds of any meat in the above groups.

The number of coupons to be detached by the locker user need not exceed more than 50% of the total meat coupons in the possession of himself and his household. Locker users may retain for retail purchasing one of each similarly numbered pair of coupons.

Peter's Counsel To Scattered Christians

1st Peter 1:1; 2:9-25

GOLDEN TEXT

Honor all men, love the brotherhood, fear God, honor the King.—1st Peter 2:17.

An Introduction to the Lesson

How greatly these early Christians needed advice! Peter in his letter wrote to persons who did not understand fully the Christian life or what was expected of them. What was to be their rule of life? To do what Christ would have them do? Yes, they were to obey Christ, and they were to go on in their study of His teachings until life was shaped and regulated by His words. All this would very often set Christians over against persons against them, causing misunderstandings and separations, and sometimes injury to life itself.

The Heart of the Lesson

Self vindication is ever to be avoided on the part of the follower of Christ. He is called to imitate his Master, who called to imitate painfully the false accusations against Him and lived His life as under the eye of God, content to leave it with Him to justify Him in due time. The Christian is to be subject to the laws of the land in which he dwells as to be a loyal citizen and an obedient servant.

Girl Guides

WEST LINCOLN DIVISION

The Annual Meet of the Guide Companies of Beamsville and Grimsby was held this year at Beamsville on Saturday, May 22nd. The competition for the cup included tests in Tracking, Out-door Fire-making, Morse, and team games, one of which was unheard-of. Two Guides from St. Catharines acted as judges, Mrs. Roscoe and Miss McKinnon. The tests revealed an interesting difference in proficiency, one team excelling in tracking, the other team in fire-building. The cup was won by the Grimsby Company, loudly and generously applauded by our competitors.

Awards made on the year's work were—

Grimsby Company

1 Year Service Star—Gloria Jarvis, Marjorie Haworth, Shirley Croft, Alberta Fellowes, Marilyn McCartney, Isabel Stevenson, Jean Jarvis, Nancy Morton, Marguerite Walters, Catharine Morrison, Adella Campbell, Diane Sawyer.

Second Class Badges—Betty Shantz, Betty Larsen, Mary Johnson, Marjorie Morton.

Artist Badge—Geraldine Marsh, Marilyn Millyard, Betty Larsen, Barbara Bromley, Mary Johnson.

Child Nurse Badge—Geraldine Marsh, Marilyn Millyard, Betty Shantz, Barbara Bromley.

Needlewoman's Badge—Barbara Bromley, Betty Shantz, Geraldine Marsh.

Knitter Badge—Marilyn Millyard.

Beamsville Company

Second Class Badges—Dorothy Saunders, Jean Konkle.

Shield for the greatest number of points earned—Thistle Patrol.

The climax of enthusiastic applause was reached when the Divisional Commissioner handed to Miss Nina Creet her warrant as District Commissioner. It is an appointment equally welcomed by Guiders and Guides.

While the famished Guides restored exhausted nature by a wiener-roast, the Girl Guide Committee of Beamsville very hospitably entertained Commissioners, Guiders, mothers, and friends, at tea. A camp-fire sing-song conducted by our Captain, Miss Cullingford, and Taps, brought the day to an end.

It was a very happy "get-together" of people who cannot often meet, for the spirit of friendly competition and of good comradeship only reflected the spirit animating the Guiders in charge of both groups of young people.

Obituary

MICHAEL BABIUK

Believed to be the oldest resident of Lincoln county, Michael Babiuk passed away at his home in North Grimsby on Friday in his 104th year. He was born in old Austria of Ukrainian parentage in May, 1840, and came to Canada in 1896. He lived at Calder, Sask., until coming here 24 years ago. His wife predeceased him three years ago at the age of 92, after they had observed their 71st wedding anniversary.

They had 15 children, but only six are now living, four sons and two daughters, George, Teddy, at Calder, Sask., and David, at Grimsby. Mrs. John Doherty, Yorkton, Sask., and Mrs. George Kobiuk, Englis, Man. Funeral service was held on Sunday afternoon at St. Mary's Ukrainian Church, of which he was an adherent.

Coming Events

The Sew-We-Knit Red Cross Group will meet at the home of Mrs. Falk, 9 Adelaide St., on Friday, May 28th.

The regular meeting of Lincoln Loyalist Chapter, I.O.D.E., will be held in the Chapter Rooms on Monday, May 31st, at 3 p.m.

Clinic will be held on Tuesday June 1st, at the Grimsby Public School at 9 a.m. sharp. Will the mothers please make it a point to be on hand.

The 28th Annual Convention of the Women's Christian Temperance Union, Lincoln county, will be held, Tuesday, June 1st, morning and afternoon sessions at Alexandra hall, Ontario street, St. Catharines. Box lunch. White Ribbon Tea at the evening session, at Welland Avenue United Church, St. Catharines. Special speaker for the afternoon, Rev. F. Poulton, St. Catharines. Dr. G. F. Little, Toronto, will speak in the evening. Public are cordially invited to attend all meetings.

Italian experimenters are attempting to obtain iron from the coastal sands of that country.

War-time Home Hospitality

L. C. Robert Bruce, of Mount Hope, spent the weekend with friends in Grimsby.

P/O. Howland, of Mount Hope, is spending his ten-day convalescent leave with Mr. and Mrs. R. L. Hatter, of Grimsby Beach.

W.R.E.N. Dorothy Martin, of Barbadoes, B.W.I. and England, now a member of the W.R.C.N.S. spent the weekend with Mr. and Mrs. L. A. Bromley.

Navy League News

We would remind our Grimsby friends of the coming Tag Day, Saturday, June 5th, in aid of the Navy League of Canada. Proceeds to help maintain the Hostels at our eleven ports, so largely used by the sailors of the Merchant Marine.

To help our appeal the Canadian Navy is sending us a Guard of 32 men from H.M.C.S. "Star". This Guard will arrive at 2.15 p.m., fall in at the Village Inn, and will then march to the Post Office where the Guard will be officially received by the Mayor. A colour party of the Legion will be present. The men will then march through the main streets of the town; after which they will be transported to the Beach, marching down Central avenue and through the Park.

On their return to Grimsby the men will be dismissed, and at 4.15 p.m. will enjoy a game at the Bowling Alley by arrangement with Mr. Kamacher.

At 5 p.m. the Guard will be served with refreshments in the Masonic Hall by the members of the I.O.D.E. under the direction of the Regent, Mrs. Len Bromley.

Transportation: We have a number of cars promised but not enough. Will 2 or 3 car owners kindly offer to help fetch and return the men to the Barracks in Hamilton? Kindly ring up James Gibbs, 88 Grimsby.

Posted As Missing

Mrs. L. A. Bromley received word from England last week that Sgt. Navigator Graham Scholes, of Nottingham, has been posted as missing. Sgt. Scholes was one of the party of R.A.F. boys who visited Grimsby through arrangements by the West Lincoln Branch, Canadian Legion, in October, 1941, and visited Mr. and Mrs. Bromley frequently during his training in Canada and United States.

After graduating from Pensacola, Florida, in the spring of 1942, he returned to England, and had been on operations ever since. He made many friends in Grimsby who will regret to hear that he is missing.

Vinemount W.I.

On Wednesday afternoon the Vinemount Women's Institute held its annual meeting, and Mrs. A. W. Little, of Grimsby, the first president of this branch, conducted the election of officers, which resulted as follows: Honorary President, Mrs. Adam Reid; president, Mrs. Robert Bell; vice-presidents, Mrs. George Ghidoni and Mrs. Ferris Weylie; secretary-treasurer, Mrs. Albert Oldfield; district director, Mrs. A. Reid; pianist, Mrs. G. Ghidoni; auditors, Mrs. Harry Sturch and Mrs. Harry Dewey. Mrs. W. C. Brand was appointed delegate to the W.I. regional convention to be held in Hamilton on June 16th. Mrs. Little also has served on the Saltfleet Library Board for a period of 22 years.

Mrs. George Ghidoni and Miss Annie Johnson presented an address and a gift of an electric table lamp to Mrs. A. W. Little, on behalf of the W.I. members and the community. Mr. and Mrs. A. W. Little recently moved from here to Grimsby.

The guest speaker was Sergt. Howard Batty, recently returned from England on furlough. He stressed the good work done by the various women's organizations and how it boosted morale of the troops overseas to hear that the Victory Loan was going over the

top. Sergt. Howard Batty enlisted on May 5, 1939, with the 119th Squadron, later transferred to the 110th, and has spent three years and four months in England as a wireless mechanic. He has returned to Canada to finish training, to become a flyer.

EVENTS and TOPICS of the WEEK in TABLOID

Niagara town Board of Education advertised for a High School Principal and received 27 applications.

Anybody looking for a fight? If so, here's the tip-off. Ask Geo. Fair, Supt. of Grimsby Beach, about the change of the moon.

An angler from Niagara Falls, N.Y., caught three big channel catfish at Jordan Harbor Saturday morning. The largest weighed 18½ pounds.

The death occurred in South Grimsby on Thursday last of Mrs. William B. Davis, after a lengthy illness, in her 73rd year. She was a sister of John Hildreth, Main St. W.

There are still a number of dogs in town without a license and tag. Self preservation oft times saves the pocket book and the dog too. Better pay heed. Chief Turner is about ready to make a real canine holiday.

One of the beauty spots of Grimsby can be found on Robinson street North in front of the home of Frank Hitchman. There is a space of about six feet in width between the side walk, down the sloping bank, and the roadway. This has been filled in with a well designed rockery and planted with spring flowers which are now in full bloom. It greatly adds to the appearance of the property and also to the roadside.

Backed by the St. Catharines Standard, a movement is on foot in the County Capital for the appointment of a Police Woman.

Grimsby (Eng.) News, when referring to the citizens of that city, does not call them Grimsbyites, as we do, but as "Grimbarians."

Fred Bivand, has made a great improvement to his Main street property, east of the theatre, by screening in the large front verandah.

Two-thirds of potato planting in the Grimsby (Eng.) district was completed before Easter. The planting this year is the heaviest on record. Don't they have any rain over there?

Grimsby has one crop this year that is at least a bumper one. Continued wet weather has made the Dandelions more than thrive. There are few lawns or grass plots in town that is not blanketed with them.

Here is a catchy phrase from an advertisement in the Grimsby (Eng.) News, that might interest "Kasey" Baxter, Advertiser's Manager of Niagara Packer. —"Early to Bed, Early to Rise, Do not Despair—But Fertile!"

The minimum size for new potatoes of any grade has been lowered from 1 7/8 inches to 1 1/2 inches. This new ruling will be in effect until August 31st. In the case of the importation of new potatoes, the minimum size has also been reduced to 1 1/2 inches.

We are pleased to see that Burgess Book has screened in that very fine verandah of his on Maple avenue. The mosquitoes and the bugs are not going to get you Burg. You are entitled to all the rest and comfort that you can get behind that screen. You have earned it.

S. Anna vicinity is very much aroused by dogs destroying sheep. Of the 17 sheep owned by Claude McCollum and pasturing on the farm of G. S. Warrender, 11 were destroyed, and it is expected some of the live ones will not survive. The following night the dogs returned and destroyed six owned by W. D. Comfort.

Looks like an election. Premier Harry Nixon of Ontario conferred Friday with Maj. Alex Lewis, chief election officer, on the question of taking the proxy vote of Ontario soldiers overseas and afterwards said: "I am disappointed that the preparation for taking the soldiers' vote overseas are not more advanced than they are."

"Howie" Duffield crack little centre ice player of the Peach Buds has worn his hockey sweaters for the last time for some time to come. He reported for active service duty with the Royal Canadian Navy, in Hamilton on Wednesday morning. He has a brother overseas with the army and his father is a four year veteran of the last war.

We hope the rains are over. That the fruit grower and farmer has water-soaked land is attested to by the fact that in digging a grave in Queen's Lawn cemetery on Friday water was struck at three feet. Queen's Lawn is the best piece of drained property in this Peninsula and when there is water there what must the ordinary farm property be like.

Things are rapidly being made ship-shape at the Todd factory of Canadian Cannery for the forthcoming season. The interior of the plant has been painted throughout and all machinery overhauled and painted. The large storehouse that was full to the ceiling last fall with processed fruits is empty, all of last season's pack being shipped out during the winter.

Highway traffic over the holiday weekend was fairly heavy despite the gasoline rationing restrictions, although a long, long way from being anything like the peak traffic days before the war. Hotels and restaurants report fairly brisk business. Village Inn sleeping accommodations were all taken up and the dining room had good business. Room business at this popular hostelry has been gradually getting better for some weeks past.

The Winona branch of the Canadian Legion, headed by St. John's Anglican Church Sunday morning to deposit its Union Jack and branch standard and they were accepted by the rector, Rev. B. A. Peglar. The lessons were read by Rev. Arnold Smith and K. C. Millikin. Roy Parke, president of the Legion, presented the Union Jack, while Howard Barnard, vice-president, presented the branch standard. F. S. Woodcock and Robert Harris acted as standard-bearers. The sermon was preached by Archdeacon Macintosh, of St. James' Anglican Church, Toronto.

Thanks to Reeve Durham, North Grimsby school kids had a half-holiday on Monday.

Halt County failed to reach its Victory Loan objective by over \$300,000. Burlington town failed by \$35,000.

According to the Smithville Review, Reeve Goodman Pettigrew has South Grimsby Council holding their meetings at four o'clock in the morning.

Argyll and Sutherland Highlanders, arrived back in Niagara camp on Wednesday morning after two years' service in Jamaica. There are 20 Grimsby boys with this unit.

Local residents certainly went to town on Tuesday and Wednesday in the matter of meat buying. With meat rationing coming into force today householders were laying in stock to help the larger against the shorter supply under the ration system. Butchers report that their sales were tremendous and they were about cleaned out of stock.

Petty break-ins are getting more frequent throughout the district. The Inglehart & Gledhill Service Station, Beamsville was the focus for one of them last Thursday night, when a window was broken and a door opened from the inside. Four batteries, box of tools, and a robe were taken. Gas coupons in an envelope were overlooked as well as tires. It was evident from the nature of the plan of operations of the thieves that in practically every case, a small window is forced and either a boy or small person put through, to afterwards open a door.

Coal Shipments To Be Monthly

Grimsby coal dealers have received word that they will receive future shipments of anthracite coal in monthly lots. This will mean that householders who in the past have filled their bins with anthracite early in the summer may be unable to do so this year.

Never, coal dealers said Wednesday that by fall they will have received as much coal as they have in former summers. Consumers may have to be content with receiving their coal in several loads, so that the bins will not be filled until later in the year, but dealers said that they were sure all "fill-up" customers would have their needs filled before next winter sets in.

The 12-month quota basis has been decided upon by United States coal operators who supply local dealers. The dominion will receive as much coal during the whole year as in the past, but the new plan will cut off heavy shipments early in the season. Consumers of bituminous coal for stokers are not affected by the order.

Home Town Paper Always Welcome

Sgt. Hugh Anderson, R.C.A.F.
Now Training "Eaglets"—
Far Cry From Driving
Tractor on Queen Elizabeth
Way.

The following letter speaks for itself:

26/4/43.

Hello! "Bones"

Some months ago, my aunt, Mrs. Udell sent me the "Independent," and I must say that it has been very acceptable over here. We all crave news from home and there is no more complete way of getting it than by the old home town paper.

Up until two weeks my pilot, and Rear Gunner, and I were with No. 405th Sq., which was the first Canadian Bomber Sq. over here. Now we have finished our first tour of "ops", so they have made us go to a training school to instruct "Eaglets" as we call them. This business of flying is a far cry from driving a tractor for the Dominion Construction Co., but I like it.

Roy Hurst was with me on 405th Sq. He was doing fine when I left to come here. Have seen quite a lot of England, and expect to go to Scotland soon. Well, old timer, happy landings from Sgt. H. J. Anderson.

Paint! Paint!!

Just because it was a holiday on Monday, Farrow Bros. decided it was a good day to throw a lot of paint around on Main street.

They painted the outside of the Sutherland block in a variety of colors. They trimmed up the outside of the stores of R. C. Bourne and Andy Smith, and we understand that the interior of these two stores is to be brightened up.

Then they came across the street and slopped a lot of paint on the front of the Dominion Cafe. All in all Main street looks a lot brighter, but the boys were certainly going to town with those paint brushes.

Discharge Badge For Service Men

Discharged or retired soldiers of the Canadian Active Army are urgently requested to communicate with the Awards Section of the Department of National Defence, Ottawa, giving their present address so that the War Service (Discharged) Badge may be mailed to them.

Several thousands of men who left the Service before February 1942, when the War Service Badge was first issued, cannot be located. Relatives and friends of such former soldiers are asked to communicate information of this award to them.

The lapel badge, in the form of shield, surmounted by a crown, contains three red maple leaves on a silver background, with the words "General Service". On the reverse side is inscribed a serial number to aid in identification if lost.

Meat Rationing

Meat rationing will come into effect in Canada May 27. Spare "A" coupons (brown) will be used at the rate of two per person per week and each will be good for the purchase of approximately one pound of meat, depending on the amount of bone in the cut. Merchants and housewives will be supplied with charts showing the exact amount of each meat cut that can be purchased with one coupon. It has been estimated meat rationing will reduce Canadian consumption by 20 to 25 per cent.

Canning Sugar

Three reasons why Canadian housewives will not get as much sugar for canning as they expected were given by Hon. J. L. Halsey in the House of Commons recently. They are (1) Many ships which normally have brought sugar to Canada have been diverted to North Africa, (2) Many ships loaded with sugar have been sent to the bottom of the ocean; between 40 and 50 million pounds have been lost already, (3) Canadian sugar beet prospects are not as bright as had been expected; Canada usually derives about 90,000,000 pounds from this source.

Flannelette

Recent orders of the Wartime Prices and Trade Board are expected to conserve more than 230,000 yards of flannelette for essential civilian uses. On the restricted list go children's two-pair sleepers, sleeve lengths of women's and children's pyjamas and night-

gowns. The restrictions do not apply to garments used in hospitals. Babies' diapers have been listed as essential.

Preserving Kettles

There are no restrictions on the manufacture of preserving kettles and no shortage is anticipated, it is announced by H. H. Forreman, administrator of fabricated steel and non-ferrous metals under the Wartime Prices and Trade Board. He pointed out, however, that these utensils are made from the same type of metal plate that goes into the construction of tanks, universal carriers and ships.

Enforcement

During the past week 73 persons were convicted of charges involving the breach of various Wartime Prices and Trade Board regulations. Seven charges were dismissed. Offences under the gasoline and tire regulations led the list, 23 persons being convicted.

Mothers' Club

The regular meeting of the Mothers' Club was held on Thursday, May 20th, at the home of Mrs. Geo. Konkle, Paton St. There was a very good attendance of mothers and children. Mrs. George Taylor-Munro was guest speaker; she gave a very interesting talk on the work of our missionaries in China and India, and paid high tribute to the wonderful courage of the Chinese people.

Another way to popularize victory gardens is to figure out some method whereby a man could work in it and remain in the shade.

The human brain has over 12,000,000,000 cells, each having a nucleus and 48 chromosomes containing the Mendelian hereditary potentialities, known as genes.

In these days when "Commando" training is so much to the fore, the Boy Scout outdoor programme, winter and summer, is recognized by military officials as an ideal training for those who later join the armed forces. WHO PAYS

?

Messrs. Jones and Messrs. Brown both make shoes—shoes exactly similar in quality and style. Messrs. Jones do not advertise. Messrs. Brown do, and sell a very much greater quantity than Messrs. Jones in consequence. **WHO PAYS FOR MESSRS. BROWN'S ADVERTISING?**

Not Messrs. Brown—because their profit—on the quantity sold—is Messrs. Jones' profit multiplied many times. Not the public—because they get, for \$4.00, shoes of a quality for which Messrs. Jones charge \$4.50. Not the retailer—because the profit is the same in both cases.

No one pays for advertising. It is an economy—not a charge. It does for the operation of selling what Messrs. Brown's machinery does for the operation of making shoes—speeds it up, and multiplies its efficiency. It makes possible big-scale production and so reduces costs.

LITTLE DYNAMITE

got this when I was writing the rest of the letter; it's beyond me). Well, anyway, after we climbed to about four thousand he put the kite through every manoeuvre and trick he could think of; boy, was it fun, but not half as much fun as what followed, when he put his hands above his head, which means to take over. Gosh, was he surprised. I don't like to boast, but after we landed he wanted to know if I had a pilot's license and how many flying hours I had. Wow, was it exciting. I had the stick

for about half an hour, flying around the country. He almost keeled over when I told him it was the first time I'd ever attempted to handle the controls of an aircraft, and about only my second time off the ground.

I'll never forget that ride for a long time. I'm going to try and get up again if possible, and as much as possible.

Well, so long again, folks,

TROUBLE IN STORE

wheels are blocking fire exit leading from the theatre. Theatre inspectors were in town on Wednesday night last and found everything right up to snuff at the theatre, with the exception of the parked bicycles on the fire exit sidewalk. They raised a big row about this and the result is that signs prohibiting the parking have been painted on the walls of the building. The inspectors stated that they would be back at some future date and if they found any bicycles parked on this walk that they would impound them and when the owners claimed them, charges would be preferred.

TAKING OUT

Metal Craft found many spokes, hubs, wheels, horse shoes, steel tires off wheels and goodness knows what all else, down in that excavation.

This hole in the ground that John is digging out is 60 feet long and 35 feet wide and six feet in height which makes a total of 13,200 cubic feet of earth and rock and miscellany, that has to come out. It's a big hole and when sidewalks and floor are put in will mean a lot of concrete work.

To a passerby on Victoria ave., all he sees is a red truck standing alongside the building. To The Independent there was more than a truck, there was an old Ford motor (no doubt sold by "Dutch" Shantz, 15 years ago) hitched up to a workable home-made dirt carrier that was carrying the muck from the hole. To the truck body. It is an ingenious rigging that a lot of high priced, government-paid engineers would frown upon, but it was doing a right smart job, a better job than our government contractors' outfits do.

When this job is completed it will give the Metal Craft a much larger volume of storage space and the beauty of it all is, the money for the cost of construction was spent in Grimsby.

Nobody need go outside the confines of Grimsby to get any kind of construction work done.

RECOMMENDATION

Clinton, which will share the cost according to the proportionate maintenance work on county roads approved by the council for this year included widening two sharp turns near the Jordan Winery and two sharp corners at Jordan Station. Work has already commenced on this project. A little grading is to be done above the escarpment at Beamsville.

Three culverts on the county road which separates North and South Grimsby townships are to be widened and improved. Grading and levelling at Warner bridge, built recently in Caistor township, was approved. Cost of this work was all included in the annual estimates approved by the department of highways for county road maintenance.

Sections of road may be widened and improved. Grading and levelling at Warner bridge, built recently in Caistor township, was approved. Cost of this work was all included in the annual estimates approved by the department of highways for county road maintenance.

Following this Hart complimented on the work done and taken by the members of the school.

"You have an important game to play, learn the rules and remember them well. You are being prepared for a big job, keep your youthful enthusiasm, for there will be a decided need for it in the future." He concluded with the wish that "more boys than ever" would find it possible to attend Bolton Cadet Camp, where the invaluable work prepares boys for enlistment with the armed services.

"Music by McKay" was thoroughly enjoyed by all. "G.H.S.'ers" were "real" when they went "over" to the "cup."

Cherry Blossoms Eaten By Birds

Oriole is Often Blamed But Real Culprit Is The Rose Breasted Grosbeak — Is Protected by Law.

Wm. L. Putman, Dominion Entomological Laboratory, Vineland Station, Ontario.

Some sweet cherry growers have been alarmed this spring when they found numbers of blossoms cut from the stems and lying on the ground beneath the trees. This damage is usually ascribed to birds, although it is usually not discovered until the cause has disappeared. Orioles are frequently blamed, because they are often seen feeding in blossoms, but it is doubtful whether they cut any appreciable number of blossoms from the stems. The culprit in most cases is the rose-breasted grosbeak, which migrates through the Niagara Peninsula during cherry-blossom time.

The injury is generally noticed in the vicinity of woods which give the shelter preferred by the grosbeaks. Some orchards near the mountainside at Grimsby are visited nearly every year, and others near the Jordan valley have suffered a certain amount of blossom-cutting from time to time. Much of the injury appears to be done in the early morning, the birds retiring to the woods during the day.

The male rose-breasted grosbeak is one of our most beautiful birds, mostly black above the white below with a rose-coloured patch on the breast. A conspicuous black-and-white pattern appears on the wings during flight. The beak is short but very thick. The female is a brown striped bird much like an overgrown sparrow with a very heavy beak.

It is doubtful whether the damage caused by the grosbeaks is ever of much importance except in extremely local cases. The cut blossoms on the ground may appear alarming, but they seldom amount to more than a very small fraction of the total number on the tree. This is indeed fortunate, as any means of preventing the injury would be very difficult. The rose-breasted grosbeak is normally highly insectivorous and is strictly protected by law, and its erratic wandering during migration would make shooting useless. Some growers are known to have erected scarecrows but we do not know how effective they have been.

Comfort Me With Apples

On your next Wednesday afternoon off, if it's a rainy day, take a look in the shed loft and see if the wooden racks grandma hung up over the kitchen range to dry apples on are still there.

Next winter we may be glad of dried apples to help out the short supply of raisins and other imported dried fruits for home baking. And it wouldn't be too much to expect a return of the old-fashioned Apple Paring Bee now that so many old time utilities are being brought to the front again, along with their accompanying festivities. Once more we might see strings of peeled and quartered apples festooned across the sunny side of the house to dry.

WHAT NEXT?

Restrictions governing aluminum and other "precious" metals, now wanted by Uncle Sam, need not impose hardship on housewives. Equipment made of plastics, enamelware, and glass, free from stringent priority rating, are coming into wider use as substitutes. All the equipment shown above, including the young lady's apron and the table cloth—both made of plastic material—is in this category. Even the aluminum formerly used on sides of the kind pictured above has been replaced by enamel.

The Swedish parson, Dr. Acrelius, writing home to Sweden in 1758 an account of the settlement of Delaware, said:-

"Apple pie is used throughout

the whole year, and when fresh apples are no longer to be had, dried ones are used. It is the evening meal of children. House pie, in country places, is made of apples

neither peeled nor freed from their cores, and its crust is not broken if a wagon wheel goes over it."

It's the wise man that doesn't try to fool himself.

Cigarettes Bring Happy Smiles

Grimsby Boys "Over There" Appreciate The Many Hours of Enjoyment That Your Smokes Give Them—Funds Are Needed.

Again I thank the members and friends of the Chamber of Commerce for another carton of cigarettes and their kindly efforts on our behalf.

We've been out on quite a big scheme since the first of the month when most of the parcels were held up—so we're just catching up a bit now. While we were out we lived in the open or some times in tents. The weather was grand all the time but it was certainly cool enough in the evenings or at night. Managed to get a three-quarter

hour ride in a Wellington Bomber while we were up north and saw what a beautiful district there is around Oxford. Quite an interesting experience.

Everything else has been very quiet and normal. Again thanks to you all for further good wishes.

Sincerely,
P. E. Fairbank.

Just a line to let you know that I have some more cigarettes today from the Chamber of Commerce and sure was glad to get them. As we just bought some from a store on the street.

Boy you good people don't know how it makes a man feel over here to go to the mail room and get a parcel of three hundred good Canadian smokes. So I hope the people over there and you keep up the good work, and we will bring home victory before long.

Yours truly,
Gnr. J. A. Robertson.

Giving Wings
to Words

Dear Sir:

Received 300 cigarettes today and they were really appreciated as I was on my last package.

Please thank any one who is helping send us smokes and parcels.

Sincerely yours,
T. Tremain.

Thanks to the Chamber of Commerce for another parcel of cigarettes just received, and to you for your personal greeting card at Christmas. Things go along much the same with me. Still lots of dental work to be done. I learn that there are many changes in the business world in Grimsby and that you have moved into a new store. Good luck to you. As ever,
Capt. V. R. Farrell.

Please accept my sincere thanks for the gift of 300 cigarettes which I received today.

Pte. J. R. Hands.

It seems as if I shall be forever in your debt. Once again a welcome carton of smokes arrived in the opportune moment. The debt of gratitude that we, over here, owe our faithful friends at home requires a lifetime to repay. I'm glad that we still have one means left. We are still able to say thanks a million. I am forever grateful.

Yours,
Bdr. C. R. Fisher.

Received your parcel of cigarettes today and I am taking this opportunity to thank you and the people that sent them.

I remain,
L/Cpl. C. Hurst.

I received your splendid gift of three hundred cigarettes dated 27th January and once more I wish to express my deepest thanks to you and to my other friends who join you in looking out for us. Your wonderful kindness and generosity is appreciated beyond my humble vocabulary. May I say that we over here shall never forget you. Thank you.

Gnr. H. Martin.

Just a line in answer to the 300 cigarettes that you so kindly sent to me. Thanks a million. Cigarettes are one thing that are hard to get over here. Well thanks again.

Yours truly,
Gnr. L. A. Allan.

Just a few lines to thank you very very much for the cigarettes which I received from you the other day. Now I will say they certainly were well appreciated, as I was buying them here at the time and it's pretty hard to buy them, especially now when you have to pay so much for them.

I hope this will find you all back there in the very best of health, and getting along the very best. Well there isn't an awful lot to write about only that we are still having a few odd raids, that is sneak raiders coming over now and again, and believe me they certainly can do enough damage, especially on these coastal towns.

I am in bed in the sick bay with a bad leg. I played ball last Wednesday and of course I'm playing 3rd base and a fellow tried to steal a base from second to third which he didn't do but I ended up in the sick bay by him running into my leg and I have a leg now like a barrage balloon but I do hope to get out in a few days. Well the weather here has been just like summer for the last six weeks, really wonderful, we have seen the sun more in these six weeks than the rest of the year past.

I don't suppose there is much in the sport line back there as everyone is practically in the army. Let's hope this is over with soon and we get all together again for a good reunion, and also get a good game going in softball once again. It wants to happen before long as we all will be old veterans, but we are at it here so we are still in shape for anything yet.

I'm a full Bombadier and I hope to be a Sergeant before long. I've had a few courses and done very well on them. I had to study a lot but I will say I certainly gained a lot of knowledge.

There isn't very much more only I wish you would put a piece in the paper for me to thank all the people back there very, very much for what they are doing for me and tell them I am short of letters and if anyone wants to write to me I'll be glad to answer and also I would appreciate it a lot.

I'll close hoping you will put a little thanks in the paper for me, and till next time I'll say once again thanks very, very much for the cigarettes and I hope some day I will be able to show you my appreciation. For now, cheerio to all, and the very best to you all. Keep smiling to our time is coming shortly to do our bit.

Your friend,
Bdr. P. Mochenski.

My thanks for the smokes. You're very kind to us boys over here and we are very grateful for all your kind favours. I am very weaned so are the other Grimsby boys the unit.

I understand there have been lots of changes on the old Main Street, but will always be "Home Sweet Home" to me. Many thanks again.
Yours truly,
"Mac" McCartney.

Just a short note to thank you for the gift of cigarette that I received on the 20th. Word cannot express how much we appreciate the gifts that the folks back home send to us over here. I only hope that one of the days I will be able to thank you in person. I hope this note finds you all in the best of health.
I remain,
Spr. R. Hunt.

Please convey my sincere thanks to all concerned for the grateful parcel of smokes. Everything is fine and dandy with me over here, and this year our hockey team won the Canadian Army Championship Overseas. Once again thanks a million. Best of luck. I remain,
Yours sincerely,
L/Cpl. W. J. Rooker.

NATIONAL SELECTIVE SERVICE

Second Compulsory Employment Transfer Order

Notice to Certain Employers and Employees

that men in specified lines of civilian employment, in classes already designated under National Selective Service Mobilization Regulations, must report for interview not later than June 15th, 1943, at an Employment and Selective Service Office.

A. Objective: This Second Order makes available for essential employment the services of men in classes already designated under National Selective Service Mobilization Regulations, who are now employed in specified non-essential employment.

B. EMPLOYMENTS COVERED BY THIS ORDER: Men, of the specified categories, are covered if now employed at:

(1) Any occupation in or associated with retail stores; (2) any occupation in or associated with the manufacturing of feathers, planes and artificial flowers; chewing gum; wine; lace goods; greeting cards; jewelry; (3) any occupation in or associated with distilling alcohol for beverage; (4) any occupation in or associated with the factory production of statuary and art goods; (5) any occupation in the operation of ice cream parlours and soda fountains; (6) any of the following occupations: bus boys; charwomen and cleaners; custom furriers; dancing teachers; dish washers; doormen and starters; green keepers; grounds keepers; porters (other than in railway train service); private chauffeurs.

C. AGE AND MARITAL CLASSES OF MEN COVERED BY THIS ORDER:

(a) Every man born in any year from 1917 to 1924 (inclusive) who has reached age 19; (b) every man born from 1902 to 1916 (inclusive), who, at July 15, 1940, was unmarried, or divorced or judicially separated, or a widower without child or children; (c) every man born from 1902 to 1916 (inclusive) who has become a

widower since July 15, 1940, and is without child or children now living; (d) every man born from 1902 to 1916 (inclusive) who, since July 15, 1940, has been divorced or judicially separated.

D. Procedure to be Followed: All men as defined above must report to an Employment and Selective Service Office not later than June 15th, 1943. Men resident outside a city or town having an Employment and Selective Service Office, too far removed to call personally, may write to the nearest office, and await further directions.

E. OBLIGATIONS OF EMPLOYERS: When directed to accept employment, men referred to in Paragraphs B and C above are required by the Regulations to follow the direction.

F. OBLIGATIONS OF EMPLOYERS: It will be illegal for an employer to refuse to employ after June 15th, 1943, any man referred to in Paragraphs B and C above, unless a special permit has been obtained from Selective Service.

G. Transportation: Provision will be made for transportation of men moved to a new place of residence.

H. Appeals: If objecting to transfer to other employment when directed, a man may appeal with a Court of Referees within 7 days.

I. Penalties: Penalties are provided for either employer or employee failing to comply with this Order.

J. Authority: This Order is issued by the Minister of Labour under National Selective Service Civilian Regulations (P.C. 346 of January 19th, 1941, and amending Orders in Council).

K. This Second Order is Additional to First Order: Employments listed in Paragraph B above, declared non-essential in this Second Order, are additional to the non-essential employments contained in the First Order. The First Order, issued on May 4th, 1941, required compliance by May 15th, 1941, of the part of employees designated under Mobilization Regulations, and also of their employers, in the following lines of work: (1) taverns or liquor, wine and beer stores; (2) retail sale of candy, confectionery, tobacco, books, stationery, news; (3) barber shops and beauty parlours; (4) retail and wholesale florists; (5) service stations (gasoline-filling stations); (6) retail sale of motor vehicles or accessories; (7) retail sale of sporting goods or musical instruments; (8) waiter, taxi driver, elevator operator, hotel bell boy, domestic servant; (9) any occupation in or directly associated with entertainment, including but not restricted to theatres, film agencies, motion picture companies, clubs, bowling alleys, pool rooms; (10) any occupation in or directly associated with dining, cleaning, and pressing (not including laundry work); bath, guide service; shoe shining.

Men referred to above must present documents at the employment office, indicating compliance with Mobilization Regulations.

There goes your letter

IN IT, you put the home-spun bits of chit-chat you know he wants to hear... and in it you also put your heart. You mailed it with a prayer that it might find him safe and well. Look—it's already on the way... speeding as fast as railway wheels can carry it.

Those singing wheels carry more—much more—than letters. They carry food for your pantry, coal for your fire. They roll tirelessly to
